

Dear Parents and Guardians –

We are sending the following email to all students this morning. As you know, CDH Online School begins tomorrow.

The faculty have been working tirelessly on preparations for teaching Online School. Their leadership and dedication to our students and families is quite remarkable. I am confident they will ensure a successful transition to this next phase. Please remember they are also navigating their own personal situations, households and family life in the midst of this epidemic. We ask for your patience and support as we transition to Online School.

This email today outlines how we will begin to implement Online School. We encourage you to read it carefully and discuss your family's plan to ensure your student's ability to successfully participate.

If you believe your student has barriers to effectively accessing Online School, assistance will be offered. Please contact Principal Mona Passman [mpassman@c-dh.org](mailto:mpassman@c-dh.org) or 651-690-2443 to discuss these concerns.

Please pay special attention to protocols and expectations surrounding attendance and student expectations.

We also recognize the difficulty the campus closure will present for meeting teen's social needs, but it is imperative that students follow all [directives about social distancing and avoid non-essential group gatherings](#) so that we minimize the spread of the virus to each other, and to the vulnerable populations in our community. The closures we are experiencing, ie, school campuses, retail stores, restaurants etc, will only benefit the common good if everyone takes this seriously.

Please know that we will be sharing much more information as needed in the days and weeks ahead. Also, we will ask for your feedback at some future point as we enter into this new phase of Online School.

Thank you, not only for your support, but also for your important role in helping your student productively engage in CDH Online School so that we can continue to provide a first-rate educational experience. We are proud of the learning environment we create in our building each and every day, but we believe we can make this a successful temporary alternative to campus learning.

We are keeping your family in our prayers and continue to wish for good health and wellness for all.

Principal Mona Passman
