- 2. _____
- more

More music aspects_____

Details_____

Continue on a separate sheet for further organization. Start a new Roman number for each song/group).

III. Conclusion

Tie in your observations with your opinion of the concert. How does this relate to you as a musician, what did you see or hear that could help you as a musician, or what did you perhaps see or hear that you never want to do.

Proof-read out loud, spell check, combine and condense multiple short sentences, think of your sentences as “holding hands”.
