SUMMER HEALTH/TLC (Thinking, Learning, Communicating)

This summer school course fulfills the one-trimester CDH Health/TLC requirement. By taking this required course in the summer, students can free up space during the school year to take other electives that they may be interested in. It will also be a great opportunity to meet many new CDH 9th graders.

CDH Health/TLC instructors: Mrs. Jodi Muetzel & Mr. Mark McGuire

Tuition for this class is \$200.00 and is due at 9th grade registration on March 4th, 2020

Students will select from one of the following weeks:

Week 1 June 8 – 12

Week 2 June 15 – 19

All classes meet Monday through Friday from 8 a.m. – 4 p.m.

This course will help students develop the knowledge and skills they need to make healthy decisions that allow them to stay active, safe and informed. Students will find out about the components of a healthy lifestyle and ways to approach making healthy choices and decisions. The lessons and activities are designed to introduce the student to important aspects of the main types of health: emotional and mental, social, spiritual, and physical. Students will be led through the three essential strategies for self-discovery: thinking, learning and communicating, empowering them to reach their potential and find success in high school and beyond
