

9th Grade SUMMER HUMAN GEOGRPAHY

This summer school course fulfills the one-trimester 9th grade Human Geography requirement.

Enrollment in this class is limited and is based on student scheduling needs.
Priority will be given to those students taking a full year of JROTC, Learning Lab and/or Band or Choir

Tuition is \$200.00 (cash or check made payable to CDH) due at 9th
grade registration on February 29. Please turn in the form and
payment at the Summer Human Geography table.

Class meets from 8am-1pm

Tuesday – Friday, July 16-19 **AND** Monday – Thursday, July 22-25

Students will study the distribution of human activities at global and regional scales, and the causes and consequences of those distributions. Specific topics covered will include population, globalization, natural resources, agriculture, economic activity, urban and rural settlements, and cultural phenomena. Students will also learn about the tools that human geographers use to describe the world, and gain a basic understanding of how those tools are applied.

Instructor: Alex Nuy, CDH Social Studies teacher
